### **Critical Theory and Public Life (Studies in Contemporary German Social Thought)** From The MIT Press

Jürgen Habermas's critical communications theory of society has excited widespread interest in recent years. The essays in this book explore the research implications of Habermas's theory for the analysis of modern problems of public life. Spanning the spectrum of the social sciences, the essays relate critical theory to industrial policy under advanced capitalism, education, the mass media and consumerism, public participation in planning, policy analysis, and critical historical studies. John Forester is Associate Professor of City and Regional Planning at Cornell University. Critical Theory and Public Life is included in the series Studies in Contemporary German Social Thought, edited by Thomas McCarthy.

### **Editorial Review**

#### **Review**

"Until the publication of this book, critical theorists have largely been concerned with global and somewhat abstracted analyses of contemporary political life. The essays in this book perform the much needed task of examining particular political questions in their rich detail by means of the distinctive approach of critical theory. The result is a highly illuminating collection which advances our understanding of the current situation." **Brian Fay** , Professor of Philosophy, Wesleyan University

#### **From the Back Cover**

The essays in this book explore the research implications of Habermas's theory for the analysis of modern problems of public life. The essays relate critical theory to industrial policy under advanced capitalism, education, the mass media and consumerism, public participation in planning, policy analysis, and critical historical studies.
