Five Families: The Rise, Decline, and Resurgence of America's Most Powerful Mafia Empires By Selwyn Raab

For half a century, the American Mafia outwitted, outmaneuvered, and outgunned the FBI and other police agencies, wreaking unparalleled damages to America's social fabric and business enterprises while emerging as the nation's most formidable crime empire. The vanguard of this criminal juggernaut is still led by the Mafia's most potent and largest borgatas: New York's Five Families.

Selwyn Raab's *Five Families* is the vivid story of the rise and fall of New York's premier dons from Lucky Luciano to Paul Castellano to John Gotti and more. This definitive history brings the reader right up to the possible resurgence of the Mafia as the FBI and local law-enforcement agencies turn their attention to homeland security and away from organized crime. The paperback has been revised and updated, with a new epilogue focusing on the trial of the notorious "Mafia Cops."

Editorial Review

Amazon.com Review

The Mafia has long held a spot in the American imagination. Despite their earned reputation for brutality, the Mafia has been glorified in countless movies, books, and television shows. Not so in this book. Selwyn Raab makes no attempt to perpetuate myths about the Mafia; instead, he exposes them as a serious threat to honest citizens: "The collective goal of the five families of New York was the pillaging of the nation's richest city and region," he writes. These five families--Bonanno, Colombo, Gambino, Genovese, and Lucchese--were responsible for corrupting labor unions in order to control waterfront commerce, garbage collection, the garment industry, and construction in New York. They also ran illegal gambling operations, engaged in stock schemes, and initiated the widespread introduction of heroin (among other drugs) into cities of the East and Midwest in the 1950s, leading to "accelerated crime rates, law-enforcement corruption, and the erosion of inner-city neighborhoods in New York and throughout the United States." *Five Families* offers a comprehensive look at the inner workings of the various clans along with vivid profiles of the gangsters who led--and continue to maintain--this criminal empire.

Beginning with a brief history of the Sicilian origins of the Mafia, Raab exhaustively explains how the Mob took over New York before spreading to cities across America, particularly Las Vegas, their most successful outside venture. He also shows how the New York Mafia lost a great deal of power in the 1980s and '90s due to many significant busts and effective plea-bargaining. However, since the attacks of September 11, 2001, the F.B.I. has been focused mainly on external threats, leaving the Mafia room to regain some lost turf by moving into new avenues of crime. An investigative reporter for 40 years, Raab interviewed dozens of prosecutors, law enforcement officers, Mafia members, informants, and "Mob lawyers," providing anecdotes and inside information that tell the true story of the Mafia and their influence over the past 80 years. --*Shawn Carkonen*

From Publishers Weekly

Starred Review. Former *New York Times* crime reporter Raab sets a new gold standard for organized crime nonfiction with his outstanding history of the Mafia in New York City. Combining the diligent research and analysis of a historian with the savvy of a beat journalist who has extensive inside sources, the author succeeds at an ambitious task by rendering the byzantine history of New York's five families—Bonanno, Colombo, Gambino, Genovese and Lucchese—easily comprehensible to any lay reader. Of necessity, Raab also illuminates the Mafia's origin in 19th-century Sicily and its transition to this country. Throughout his survey of the mob's evolution—from simple protection rackets to pump-and-dump stock schemes—Raab renders the mobsters (including men less well known than John Gotti, but no less significant) as three-dimensional figures, without glossing over their vicious crimes and their impact on honest citizens. Law enforcement's varying responses as well as society's view of gangsters enrich the narrative, which merits comparison with the classic true-crime writing of Kurt Eichenwald. While Raab surprisingly gives short shrift to the 1980s pizza connection case, which revealed the growing influence of the Sicilian Mafia on America's heroin trade, he otherwise demonstrates mastery of his subject. This masterpiece stands an excellent chance of becoming a bestseller with crossover appeal beyond devoted watchers of *The Sopranos*. 24 pages of b&w photos not seen by *PW*. (Sept.)

Beginning with its 1931 organization into five gangs, the history of the Sicilian Mob in New York unfolds in

Raab's riveting reportage. To be sure, that history has been explored in numerous books, but Raab drills deep into the investigations and trials that have taken place over the past 20 years. Until adoption of the RICO law (Racketeer Influenced and Corrupt Organizations), mobsters weren't much bothered by law enforcement, Raab explains, before turning to a dramatic recounting of key investigations that led to RICO indictments. The narrative kicks into high gear as Raab describes how one leg-breaker or another, confronted on tape with his crimes, breaks the Mob's code of silence and starts singing for the feds. Eventually resulting in the imprisonment of all five godfathers of the recent past--"Gaspipe" Casso, Joe Massino, John Gotti, "Chin" Gigante, and Carmine Persico--these investigations solved a number of murders and exposed the Mob as never before. With vivid characterizations of a cavalcade of thugs, Raab's account is the most lively and informative Mafia history in years. *Gilbert Taylor*

From reader reviews:

Clarence Bowen:

Here thing why this kind of Five Families: The Rise, Decline, and Resurgence of America's Most Powerful Mafia Empires are different and reputable to be yours. First of all reading through a book is good however it depends in the content of computer which is the content is as delicious as food or not. Five Families: The Rise, Decline, and Resurgence of America's Most Powerful Mafia Empires giving you information deeper including different ways, you can find any book out there but there is no book that similar with Five Families: The Rise, Decline, and Resurgence of America's Most Powerful Mafia Empires. It gives you thrill examining journey, its open up your current eyes about the thing in which happened in the world which is probably can be happened around you. It is easy to bring everywhere like in recreation area, café, or even in your technique home by train. If you are having difficulties in bringing the printed book maybe the form of Five Families: The Rise, Decline, and Resurgence of America's Most Powerful Mafia Empires in e-book can be your substitute.

Carolyn Rolon:

Nowadays reading books become more than want or need but also work as a life style. This reading addiction give you lot of advantages. Associate programs you got of course the knowledge your information inside the book that improve your knowledge and information. The info you get based on what kind of book you read, if you want attract knowledge just go with training books but if you want experience happy read one with theme for entertaining for instance comic or novel. Typically the Five Families: The Rise, Decline, and Resurgence of America's Most Powerful Mafia Empires is kind of reserve which is giving the reader capricious experience.

June Ortiz:

In this era which is the greater man or woman or who has ability to do something more are more special than other. Do you want to become considered one of it? It is just simple strategy to have that. What you need to do is just spending your time not much but quite enough to enjoy a look at some books. One of several books in the top checklist in your reading list is usually Five Families: The Rise, Decline, and Resurgence of America's Most Powerful Mafia Empires. This book which is qualified as The Hungry Hillside can get you

closer in turning out to be precious person. By looking right up and review this publication you can get many advantages.

Connie Curtis:

As a college student exactly feel bored to help reading. If their teacher asked them to go to the library or even make summary for some reserve, they are complained. Just little students that has reading's spirit or real their pastime. They just do what the professor want, like asked to the library. They go to generally there but nothing reading very seriously. Any students feel that examining is not important, boring along with can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this Five Families: The Rise, Decline, and Resurgence of America's Most Powerful Mafia Empires can make you experience more interested to read.
