### Editorial Review

#### Review

“The forces of disaster capitalism are increasingly on the defensive, but their attacks on the global commons have expanded in the years since I wrote *The Shock Doctrine*. I am very grateful that Antony Loewenstein has brought his meticulous reporting to this subject, and the result is a keenly observed and timely investigation into rampant resource plunder, privatized detention centers, and an array of other forms of corporate rapacity on four continents. This book will serve as a potent weapon for shock resisters around the world.”

—**Naomi Klein**, author of *This Changes Everything* and *The Shock Doctrine*

“Chilling study, based on careful and courageous reporting, and illuminated with perceptive analysis, helps us understand all too well the saying that man is a wolf to man.”

—**Noam Chomsky**

“A journey into a world of mutated economics and corrupt politics that we ignore at our peril.”

—**John Pilger**

“A devastating, incisive follow-up to Naomi Klein’s *The Shock Doctrine*.”

—**Jeremy Scahill**

“Our economic system now depends upon transforming emergency relief, incarceration and the processing of asylum seekers into profits ... [an] unnerving and convincing book.”

—**Owen Hatherley**, *Guardian*

“Antony Loewenstein offers us a superb description of the diminishing power of national governments and international organisations to exercise power in the modern world.”

—**Robert J. Burrowes**, *Lahore Times*
