Essentials of Management Information Systems (8th Edition) By Jane P. Laudon, Kenneth C. Laudon

Key Benefit: This brief text is ideal for courses on quarter systems and those that combine a MIS text with hands-on software, projects, or case studies.

Key Topics: These authoritative authors continue to define the MIS course by emphasizing how business objectives shape the application of new information systems and technologies and integrating a career orientation that demonstrates the relevance of information systems to all business students regardless of their major.

Market: For introductory undergraduate courses in Information Systems taught in MIS, IS, CIS, Business and Management departments.

Editorial Review

Users Review

From reader reviews:

Joan Rogers:

With other case, little people like to read book Essentials of Management Information Systems (8th Edition). You can choose the best book if you love reading a book. Given that we know about how is important any book Essentials of Management Information Systems (8th Edition). You can add information and of course you can around the world by just a book. Absolutely right, since from book you can recognize everything! From your country right up until foreign or abroad you will end up known. About simple matter until wonderful thing you can know that. In this era, we can easily open a book or perhaps searching by internet device. It is called e-book. You need to use it when you feel bored stiff to go to the library. Let's study.

Walter Pressley:

The experience that you get from Essentials of Management Information Systems (8th Edition) is the more deep you excavating the information that hide into the words the more you get enthusiastic about reading it. It doesn't mean that this book is hard to recognise but Essentials of Management Information Systems (8th Edition) giving you excitement feeling of reading. The article author conveys their point in a number of way that can be understood by simply anyone who read it because the author of this guide is well-known enough. This particular book also makes your current vocabulary increase well. That makes it easy to understand then can go to you, both in printed or e-book style are available. We advise you for having this particular Essentials of Management Information Systems (8th Edition) instantly.

James Garza:

Reading a reserve can be one of a lot of activity that everyone in the world loves. Do you like reading book therefore. There are a lot of reasons why people enjoy it. First reading a reserve will give you a lot of new info. When you read a reserve you will get new information mainly because book is one of various ways to share the information or their idea. Second, looking at a book will make you actually more imaginative. When you studying a book especially fiction book the author will bring one to imagine the story how the personas do it anything. Third, it is possible to share your knowledge to other individuals. When you read this Essentials of Management Information Systems (8th Edition), you could tells your family, friends and soon about yours e-book. Your knowledge can inspire the others, make them reading a publication.

Jennifer Meeks:

This Essentials of Management Information Systems (8th Edition) is great book for you because the content

that is certainly full of information for you who else always deal with world and still have to make decision every minute. This specific book reveal it details accurately using great coordinate word or we can say no rambling sentences inside it. So if you are read that hurriedly you can have whole data in it. Doesn't mean it only gives you straight forward sentences but hard core information with wonderful delivering sentences. Having Essentials of Management Information Systems (8th Edition) in your hand like having the world in your arm, facts in it is not ridiculous 1. We can say that no guide that offer you world within ten or fifteen second right but this reserve already do that. So , this is good reading book. Hey there Mr. and Mrs. busy do you still doubt that will?
