### **Editorial Review**

#### **Review**

"Readers . . . who believe that medieval and early modern alchemy was only a misguided effort to transform base metals into gold, or at best a crude preparation for scientific chemistry, will experience a great and probably bewildering surprise."--***Thought***

#### **From the Back Cover**

In this present study of alchemy the author has taken a particular example of symbol-formation, extending in all over some seventeen centuries, and have subjected it to intensive examination, linking it at the same time with an actual series of dreams recorded by a modern European not under his direct supervision and having no knowledge of what the symbols appearing in the dreams might mean.

### **Users Review**

#### **From reader reviews:**

##### **Barbara Baker:**

People live in this new moment of lifestyle always try to and must have the extra time or they will get lot of stress from both daily life and work. So , when we ask do people have extra time, we will say absolutely sure. People is human not really a robot.
