The Adobe Photoshop Book for Digital Photographers (Covers Photoshop CS6 and Photoshop CC) (Voices That Matter) By Scott Kelby

Scott Kelby, Editor and Publisher of Photoshop User magazine—and the best-selling photography book author in the world today—once again takes this book to a whole new level as he uncovers more of the latest, most important, and most useful Adobe Photoshop techniques for digital photographers.

This update to his award-winning, record-breaking book does something for digital photographers that's never been done before—it cuts through the bull and shows you exactly “how to do it.” It's not a bunch of theory; it doesn't challenge you to come up with your own settings or figure it out on your own. Instead, Scott shows you step by step the exact techniques used by today's cutting-edge digital photographers, and best of all, he shows you flat-out exactly which settings to use, when to use them, and why. That's why the previous editions of this book are widely used as the official study guide in photography courses at colleges and universities around the world.

LEARN HOW THE PROS DO IT

Each year, Scott trains thousands of professional photographers on how to use Photoshop, and almost without exception they have the same questions, the same problems, and the same challenges—and that's exactly what he covers in this book. You'll learn:

- The sharpening techniques the pros really use.
- The pros' tricks for fixing the most common digital photo problems fast!
- The step-by-step setup for getting what comes out of your printer to match exactly what you see onscreen.
- How to process HDR (High Dynamic Range) images using Merge to HDR Pro.
- How to master Photoshop's Content-Aware features.
- How to use Photoshop's video editing features to make movies from your DSLR videos.
- How to process RAW images like a pro (plus how to take advantage of all the new Camera Raw features in CS6 and Creative Cloud!).
- The latest Photoshop special effects for photographers (there's a whole chapter

just on these!).

- A host of shortcuts, workarounds, and slick “insider” tricks to send your productivity through the roof!

Plus, Scott includes a special bonus chapter with his own workflow, from start to finish, and each chapter ends with a Photoshop Killer Tips section, packed with time-saving, job-saving tips that make all the difference. If you’re a digital photographer, and if you’re ready to learn all the “tricks of the trade”—the same ones that today’s leading pros use to correct, edit, sharpen, retouch, and present their work—then you’re holding the book that will do just that.

Editorial Review

About the Author

Scott Kelby is Editor-in- Chief of Photoshop User magazine, President of the National Association of Photoshop Professionals (NAPP), Training Director for the Adobe Photoshop Seminar Tour, and one of the leading seminar instructors in the industry today. Scott is author of the best-selling books The Adobe Photoshop Lightroom 4 Book for Digital Photographers, Photoshop Down & Dirty Tricks, and The Digital Photography Book (parts 1, 2, 3 & 4), among others. His easygoing, plain-English style of teaching makes learning Photoshop fun. He trains thousands in his live seminars each year and knows firsthand which techniques are in hot demand, and now he shares them here in his latest book.

Users Review

From reader reviews:

Louie Thompson:

The book The Adobe Photoshop Book for Digital Photographers (Covers Photoshop CS6 and Photoshop CC) (Voices That Matter) give you a sense of feeling enjoy for your spare time. You may use to make your capable far more increase. Book can for being your best friend when you getting anxiety or having big problem together with your subject. If you can make reading a book The Adobe Photoshop Book for Digital Photographers (Covers Photoshop CS6 and Photoshop CC) (Voices That Matter) to be your habit, you can get more advantages, like add your current capable, increase your knowledge about several or all subjects. You may know everything if you like wide open and read a reserve The Adobe Photoshop Book for Digital Photographers (Covers Photoshop CS6 and Photoshop CC) (Voices That Matter). Kinds of book are several. It means that, science e-book or encyclopedia or some others. So , how do you think about this reserve?

Robert Stratton:

The reason? Because this The Adobe Photoshop Book for Digital Photographers (Covers Photoshop CS6 and Photoshop CC) (Voices That Matter) is an unordinary book that the inside of the publication waiting for you to snap the item but latter it will jolt you with the secret the idea inside. Reading this book beside it was fantastic author who all write the book in such remarkable way makes the content within easier to understand, entertaining approach but still convey the meaning thoroughly. So , it is good for you for not hesitating having this nowadays or you going to regret it. This amazing book will give you a lot of gains than the other book include such as help improving your proficiency and your critical thinking way. So , still want to postpone having that book? If I had been you I will go to the guide store hurriedly.

Patricia Oyler:

Playing with family in the park, coming to see the ocean world or hanging out with good friends is thing that

usually you might have done when you have spare time, after that why you don't try issue that really opposite from that. 1 activity that make you not feeling tired but still relaxing, trilling like on roller coaster you have been ride on and with addition details. Even you love The Adobe Photoshop Book for Digital Photographers (Covers Photoshop CS6 and Photoshop CC) (Voices That Matter), you are able to enjoy both. It is excellent combination right, you still need to miss it? What kind of hang-out type is it? Oh can occur its mind hangout men. What? Still don't get it, oh come on its known as reading friends.

Natalie Renz:

As a college student exactly feel bored in order to reading. If their teacher expected them to go to the library or even make summary for some guide, they are complained. Just very little students that has reading's heart and soul or real their interest. They just do what the trainer want, like asked to the library. They go to at this time there but nothing reading critically. Any students feel that reading is not important, boring in addition to can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this The Adobe Photoshop Book for Digital Photographers (Covers Photoshop CS6 and Photoshop CC) (Voices That Matter) can make you really feel more interested to read.
