**The Anatomy of Peace: Resolving the Heart of Conflict** By The Arbinger Institute

NEW EDITION, REVISED AND UPDATED

What if conflicts at home, conflicts at work, and conflicts in the world stem from the same root cause?

What if we systematically misunderstand that cause?

And what if, as a result, we systematically perpetuate the very problems we think we are trying to solve?

Every day.

From the authors of *Leadership and Self-Deception* comes an international bestseller that instills hope and inspires reconciliation. Through a moving story of parents who are struggling with their own children and with problems that have come to consume their lives, we learn from once-bitter enemies the way to transform personal, professional, and global conflicts, even when war is upon us.

## **Editorial Review**

From Publishers Weekly

The premise of this follow-up to *Leadership and Self-Deception* is simple: people whose hearts are at peace do not wage war, whether they're heads of state or members of a family. In this semi-fictional narrative ("inspired by actual events") illustrating the principles of achieving peace, the setting is a two-day parent workshop at an Arizona-based wilderness camp for out-of-control teenagers, but the storyline is a mere setting for an instruction manual. Workshop facilitators Yusuf al-Falah, a Palestinian Arab whose father was killed by Israelis in 1948, and Avi Rozen, an Israeli Jew whose father died in the Yom Kippur War, use examples from their domestic lives and the history of their region to illustrate situations in which the normal and necessary routines of daily life can become fodder for conflict. Readers observe this through the eyes of one participant, a father whose business is in nearly as much trouble as his teenage son. The usefulness of the information conveyed here on how conflicts take root, spread and can be resolved more than compensates for the pedestrian writing.
