Diagnostic Ultrasound: Head and Neck, 1e By Anil T. Ahuja MBBS (Bom) MD (Bom) FRCR FHKCR FHKAM (Radiology)

Diagnostic Ultrasound: Head and Neck was expertly designed as a **compilation of the head and neck sections** of three previous books, namely Diagnostic Imaging: Ultrasound, Diagnostic and Surgical Imaging Anatomy: Ultrasound, and Expertddx: Ultrasound. Ideally suited for surgeons, sonographers, radiologists, technologists, oncologists, and endocrinologists, this brand new resource offers comprehensive coverage of sonographic anatomy for the head and neck region and presents the reader with **well over 1,000 images** for quick, clear reference.

- **Diagnosis section** offers 41 brand-new chapters on specific diagnoses in the head and neck region, from common to rare. **Over 1,000 images** ? including **shear wave elastography** and **strain images** ? are complete with comprehensive annotations, and a "Key Facts" box is ideal for rapid review.
- **Lists expert differential diagnoses** on various pathological disease patterns.
- **Expertddx section** includes over 250 images, many of which are brand new, and key references.
- **Comes with Amirsys eBook Advantage™**, an **online eBook** featuring expanded content, additional images, and fully searchable text.

Editorial Review

Review

"This is an impressive compendium of head and neck ultrasound anatomy and pathology. The quality of the illustrations and images is excellent. This book is filled with great cases, but perhaps more importantly, it provides illustrated and written correlation between ultrasound findings and other modalities, including MRI, CT, PET/CT, NM scans, sialography and US elastography. As a radiologist, I find this presentation most helpful to better understand both a disease process and the way in which ultrasound complements the other modalities for a given disease. The presentation of the material is differs between the book and the website, where only one image can be viewed at a time. That said, when you compare the accessibility of your entire Amirsys library to the weight of these glossy textbooks there is no contest - having the website means that this book is never far from reach." *~B. Keegan Markhardt, MD, University of Wisconsin-Madison Hospital and Clinics*

Doody Score: 4 stars

Users Review

From reader reviews:

Maxine Lucas:

Book is usually written, printed, or created for everything. You can understand everything you want by a reserve. Book has a different type. We all know that that book is important point to bring us around the world. Beside that you can your reading ability was fluently. A guide Diagnostic Ultrasound: Head and Neck, 1e will make you to always be smarter. You can feel considerably more confidence if you can know about anything. But some of you think in which open or reading the book make you bored. It is not necessarily make you fun. Why they can be thought like that? Have you searching for best book or suitable book with you?

Eric Alaniz:

This Diagnostic Ultrasound: Head and Neck, 1e is great reserve for you because the content which can be full of information for you who all always deal with world and possess to make decision every minute. This particular book reveal it details accurately using great organize word or we can claim no rambling sentences in it. So if you are read that hurriedly you can have whole facts in it. Doesn't mean it only gives you straight forward sentences but challenging core information with beautiful delivering sentences. Having Diagnostic Ultrasound: Head and Neck, 1e in your hand like finding the world in your arm, details in it is not ridiculous 1. We can say that no e-book that offer you world within ten or fifteen second right but this publication already do that. So , this is certainly good reading book. Hey there Mr. and Mrs. hectic do you still doubt which?

Stephen Phelps:

This Diagnostic Ultrasound: Head and Neck, 1e is new way for you who has attention to look for some

information because it relief your hunger of information. Getting deeper you upon it getting knowledge more you know or else you who still having little bit of digest in reading this Diagnostic Ultrasound: Head and Neck, 1e can be the light food to suit your needs because the information inside that book is easy to get by means of anyone. These books acquire itself in the form that is certainly reachable by anyone, yeah I mean in the e-book web form. People who think that in reserve form make them feel sleepy even dizzy this guide is the answer. So there isn't any in reading a e-book especially this one. You can find what you are looking for. It should be here for you. So , don't miss the item! Just read this e-book type for your better life and also knowledge.

Kendrick Mills:

That reserve can make you to feel relax. This specific book Diagnostic Ultrasound: Head and Neck, 1e was multi-colored and of course has pictures on the website. As we know that book Diagnostic Ultrasound: Head and Neck, 1e has many kinds or type. Start from kids until teenagers. For example Naruto or Private investigator Conan you can read and believe you are the character on there. So , not at all of book usually are make you bored, any it offers up you feel happy, fun and unwind. Try to choose the best book for you and try to like reading in which.
