Who is Faustine? When Faustine Spencer was five years old, she discovered a secret that changed her life forever. At twelve, her parents sent her to Bonfire Academy in Switzerland to ensure that she received the training needed to control her increasing powers.

Three years later, Faustine returns to Manhattan. All she wants is to be a typical teenager, at least, one that's part of the in-crowd at her Upper East Side High School. When drop-dead gorgeous Ryker, her long-time crush from the Academy, finally notices her, she couldn't be happier.

However, her desire for a normal life is shattered when her father, a prominent sovereign, disappears after naming her as his successor. Her siblings begin to disappear, and Faustine finds herself in the midst of a power struggle. With her life in danger, Faustine must learn to follow one of Bonfire Academy's most important rules: Trust no one.

#### Review

"Trust no one!" - that may be Faustine's most important takeaway from Bonfire Academy, but there was never any doubt we could trust Portal Chronicles author Imogen Rose to serve up another pitch-perfect trilogy in the Bonfire Chronicles, and here's where it all begins"-Steve Windwalker, Kindle Nation Daily

#### From the Author

Before I started writing fiction, I unleashed my creativity through photography and digital art. The photograph used on the cover of *Faustine* was taken while my younger daughter, Lauren, was doing her homework. Lauren was so engrossed by her work that she didn't notice when I reached over for my camera. Later on when I was flipping through the pictures I had taken, I stopped at one of them, it drew me in and stayed with me. It's this photograph that inspired the whole *Bonfire Chronicles* series.

I had no idea what the series would be about when I started writing. I played around with the photograph on Photoshop, messing around with the eye color, and the name Faustine popped into my head. I suddenly had a title for my photograph, which was now of a girl with red eyes... a vampire, perhaps? I had no idea who she was, or what she was when I started writing. The "Who is Faustine?" was very much a question for myself.

Once I had finished the book, I sent it to my then agent. She read it and felt that the stronger story would be the one preceding Faustine, that of her days at Bonfire Academy. I was thrown a little, having no desire to write a story from a twelve-year-old's voice. But as I was thinking, I imagined seeing Faustine walk into Bonfire Academy. I saw her from afar and high up, like I was looking down a window. It then struck me that the next story was not going to be written from Faustine's point of view, but from someone observing her--Cordelia was born, and the two prequel books (*Initiation* and *Integration*) were written.

We were then back in the present again. However, it wasn't as simple as continuing *Faustine* where I had initially left off. I now had to take into consideration all the events in the prequel books as well as the fact that Cordelia had her own following. Fans of the series wanted more Cordelia!

Uprising follows on, not just from Faustine, but also from the two prequel books. It, in addition, merges loved characters from the *Portal Chronicles* into the timeline.

Reading Order: *Faustine*, *Initiation*, *Integration*, *Uprising*
