Editorial Review

From Publishers Weekly

A 17-year-old girl must face life on her own when her closest friend is killed by a drunk driver. PW found this touching first novel ultimately joyful, and said "the happiness friends inspire in one another . . . is convincingly conveyed and absolutely infectious . " Ages 12-up.

From School Library Journal

Grade 8-10A well-drawn portrayal of the complex emotions of an adolescent's first confrontation with death. Morgan and Jimmy have been inseparable friends since birth. When Jimmy is killed by a drunk driver, Morgan's pain seems unbearable. The novel candidly charts the range of Morgan's grief and her slow growth towards acceptance and maturity. Poignantly, the novel opens with a mention of Jimmy's death, then jumps to before the accident as Morgan narrates the events leading up to and following it. Deaver has an acute ear for dialogue; the novel progresses with snappy, realistic exchanges between Morgan and Jimmy. The friendship that they share is just that a close friendship that, refreshingly, is without romantic involvement. The role models presented are a real plus, too. Jimmy aspires to be a ballet dancer, and Morgan's aunt is an attractive psychiatrist. Jimmy's fondness for Fred Astaire is a nice touch, as is the Burns and Allen reference in the title a reference which young readers unfortunately may not understand. *Paterson's Bridge to Terabithia* (Crowell, 1977) superbly handles the accidental death of a friend for younger readers. *Say Goodnight, Gracie* is more sensitive, engaging and realistic than Brancato's *Facing Up* (Knopf, 1984). It is a memorable first novel. Connie Tyrrell Burns, Mahoney Middle School Library, South Portland, Maine
