The Power: A Titan Novel By Jennifer L. Armentrout

With any great change, there is always strife, and the Covenant University has become the frontline between pure-bloods who want the Breed Order reinstated and the half-bloods who want the right to control their own destinies.

Fate has other plans.

The violence is escalating and war between the races seems inevitable, and it couldn't come at a worse time. Hyperion may be out of commission, but Josie and Seth know they have only earned a reprieve. Seth must get Josie fully prepared, which means controlling her newfound abilities, and they need to find the other demigods before the Titans do.

But the gods are sensing a greater threat.

Only one thing is more dangerous than a bunch of starved Titans, and that's an out-of-control Apollyon. The aether in Josie is drawing Seth in deeper, and when lust mixes with love and gives way to power, he knows being close to her is not only dangerous to her, but to everyone around them, but letting her go requires a level of selflessness that just isn't Seth's style.

The paths taken in the past are becoming the roads of the future.

Just as chaos breaks out, familiar faces from the past return, complicating the already strained bond between Josie and Seth, and when the danger from the Titans erupts with devastating consequences, the dark allure of power calls to Seth again, but this time Josie might not be able to pull him back.

And when the struggle between power and love becomes the deadliest battleground, there may be no salvation.

Editorial Review

Review

The second in Armentrout's Titan series is hotter than the first. Josie, the perfect complement to everyone's favorite Apollyon with a bad rep, really comes into her own and shines. As for the smart-aleck golden boy himself, his status as paranormal book boyfriend of the year remains a sure bet. The dialogue and banter are typical Armentrout, and there's nonstop action and some downright hysterical moments too. RT Reviews 4.5 stars TOP PICK

This book turns up the intensity on the Titan series...Be ready. Be ready for more Seth, more Josie, more perfection. Valerie at Stuck in Books

This book was the sequel worth waiting for and fans of the first book and the Covenant series are going to love it. Can I have the next book now please? Sinead at Less Reality More Books
