The Ritual Lament in Greek Tradition, 2nd Edition (Greek Studies) By Margaret Alexiou

Margaret Alexiou's *The Ritual Lament in Greek Tradition*, first published in 1974, has long since been established as a classic in several fields. This is the only generic and diachronic study of learned and popular lament and its socio-cultural contexts throughout Greek tradition in which a great diversity of sources are integrated to offer a comprehensive and penetrating synthesis. Its interdisciplinary orientation and broad scope have rendered *The Ritual Lament in Greek Tradition* an indispensable reference work for classicists, byzantinists, neohellenists, folklorists, and anthropologists. Now a second edition, revised by Dimitrios Yatromanolakis and Panagiotis Roilos, has been made available. This new edition also includes a valuable up-to-date bibliography on ritual lament and death in Greek culture.

Editorial Review

Review

The publication of this second edition by Rowman & Littlefield is very much to be welcomed. It has been sensitively revised by Dimitrios Yatromanolakis and Panagiotis Roilos, who have reworked some passages and clarified the wording of others, but carefully maintained the original structure and argument of the book.... (*Times Literary Supplement*)
