### In a Handful of Dust By Mindy McGinnis

Fans of classic frontier survival stories, as well as readers of dystopian literature, will enjoy this futuristic story about an epic cross-country journey.

*In a Handful of Dust* is set ten years after the first novel, *Not a Drop to Drink*, as a dangerous disease strikes the community where teenage Lucy lives. When her adoptive mother, Lynn, takes Lucy away from their home and friends in order to protect her, Lucy struggles to figure out what home means. During their journey west to find a new life, the two face nature's challenges, including hunger, mountains, and deserts.

*New York Times* bestselling author Michael Grant says *Not a Drop to Drink* is a debut "not to be missed," and this companion title is full of Mindy McGinnis's evocative, spare language matched with incredible drama and danger. *In a Handful of Dust* is perfect for fans of the *Partials*, *Enclave*, and *Legend* series.

### Editorial Review

#### Review

A very satisfying journey, by turns philosophical and riveting. (Voice of Youth Advocates (VOYA))

Tension's maintained by constant, subtle foreshadowing (rather than transparent cliffhangers), and the characters rarely feel safe enough for readers to relax. Hard to put down. (Kirkus Reviews)

#### From the Back Cover

The only thing bigger than the world is fear.

Lucy's life by the pond has always been full. She has water and friends, laughter and the love of her adoptive mother, Lynn. Yet it seems Lucy's future is settled already—a house, a man, children, and a water source—and anything beyond their life by the pond is beyond reach.

When disease burns through their community, the once life-saving water of the pond might be the source of what's killing them now. Rumors of a "normal" lifestyle in California set Lucy and Lynn on an epic journey west to face new dangers: hunger, mountains, deserts, betrayal, and the perils of a world so vast that Lucy fears she could be lost forever, only to disappear in a handful of dust.

In this companion to *Not a Drop to Drink*, Mindy McGinnis thrillingly combines the heart-swelling hope of a journey, the challenges of establishing your own place in the world, and the gripping physical danger of nature in a futuristic frontier.
