### **Editorial Review**

#### **From Library Journal**

Despite its title, this book is not a biography of either Gracie Allen or her husband and partner, George Burns, but rather a detailed history of the Burns & Allen TV show. As such, the writers have successfully re-created the 1950-58 program and at the same time revealed the warm relationship that existed between the dryly witty Burns and the zany on-stage character of the late Gracie Allen. In this era of expose biographies it is refreshing to read about two entertainers who were innately decent individuals and who were very much in love with each other. The book devotes a great deal of space to how a TV program is put together, and there is an appendix with synopses of all the shows. Most libraries should purchase. Samuel Simons, Memorial Hall Lib., Andover, Mass.
