### English Fiction of the Romantic Period, 1789-1830 (Longman Literature In English Series) By GARY KELLY

The Romantic period has often been seen as dominated by the Romantic poets almost to the exclusion of the novel. In this descriptive and interpretative study of the fiction of the Romantic period in Britain, the author aims to redress the balance by offering an account of the astounding variety of forms of Romantic fiction in terms of social, cultural, political, regional and gender conflicts of the period. The book devotes entire chapters to important individual figures such as Austen and Scott and also looks at gothic romance, political and feminist novels, domestic and rural tales, historical novels, satirical novels, popular fiction and children's fiction.
