The Rails 5 Way (4th Edition) (Addison-Wesley Professional Ruby Series)

By Obie Fernandez, Kevin Faustino

The Rails 5 Way (4th Edition) (Addison-Wesley Professional Ruby Series)
By Obie Fernandez, Kevin Faustino

The Rails™ 5 Way is the only comprehensive, authoritative guide to delivering production-quality code with Rails 5. Kevin Faustino joins pioneering Rails developer Obie Fernandez to illuminate the entire Rails 5 API, including its most powerful and modern idioms, design approaches, and libraries. They present extensive new and updated content on Rails API, web sockets using Action Cable, RSpec 3.4, Turbolinks 5.0, and more.

Through detailed code examples, you'll dive deep into the Rails 5 code base, discover why Rails is designed as it is, and learn how to make it do exactly what you want. Proven in thousands of production systems, this book's techniques will maximize your productivity and help you build more successful solutions. You'll want to keep this guide by your computer—and refer to it constantly.

This guide will help you:

- Build powerful, scalable, REST-compliant backend services
- Program complex program flows using Action Controller
- Represent models, relationships, CRUD operations, searches, validation, callbacks, and more in Active Record
- Smoothly evolve application database schema via Migrations
- Apply advanced Active Record techniques: single-table inheritance, polymorphic models, and more
- Create visual elements with ActionView and partials
- Optimize performance and scalability with view caching and Turbolinks 5.0
- Master the highly productive Haml HTML templating engine
- Make the most of Rails' approach to session management
- Secure your systems with authentication and authorization
- Resist SQL Injection, XSS, XSRF, and other attacks
- Integrate email services with Action Mailer
- Enable real-time, web sockets based browser behavior using Rails 5's ActionCable
- Improve overall responsiveness using background processing
- Use Asset Pipeline to simplify development, improve perceived performance,

and reduce server burdens
- Specify and test maintainable code using RSpec

Editorial Review

About the Author
Obie Fernandez, Chief Technology Officer of Lean Startup Machine, has been hacking computers since he got his first Commodore VIC-20 in the 1980s. He helped program some of the world's first Java enterprise projects and founded Atlanta's Extreme Programming User Group (later Agile Atlanta). At world-renowned consultancies ThoughtWorks and his own Hashrocket, Obie focused on tackling high-risk projects, including some of the world's first enterprise Ruby on Rails projects.

Users Review

From reader reviews:

Graciela Johnson:

What do you think of book? It is just for students as they are still students or that for all people in the world, what best subject for that? Just you can be answered for that concern above. Every person has different personality and hobby per other. Don't to be pushed someone or something that they don't desire do that. You must know how great and important the book The Rails 5 Way (4th Edition) (Addison-Wesley Professional Ruby Series). All type of book would you see on many resources. You can look for the internet resources or other social media.

Kristen Self:

Reading a book being new life style in this year; every people loves to learn a book. When you learn a book you can get a large amount of benefit. When you read books, you can improve your knowledge, mainly because book has a lot of information on it. The information that you will get depend on what forms of book that you have read. If you want to get information about your study, you can read education books, but if you want to entertain yourself you are able to a fiction books, this sort of us novel, comics, as well as soon. The The Rails 5 Way (4th Edition) (Addison-Wesley Professional Ruby Series) provide you with new experience in looking at a book.

Rodolfo Rodgers:

Is it a person who having spare time in that case spend it whole day by means of watching television programs or just resting on the bed? Do you need something new? This The Rails 5 Way (4th Edition) (Addison-Wesley Professional Ruby Series) can be the answer, oh how comes? The new book you know. You are thus out of date, spending your time by reading in this fresh era is common not a nerd activity. So what these publications have than the others?

Loyd Tyler:

On this era which is the greater individual or who has ability to do something more are more important than other. Do you want to become certainly one of it? It is just simple approach to have that. What you are related is just spending your time not much but quite enough to possess a look at some books. One of several books in the top list in your reading list is The Rails 5 Way (4th Edition) (Addison-Wesley Professional Ruby Series). This book and that is qualified as The Hungry Mountains can get you closer in becoming precious person. By looking way up and review this book you can get many advantages.
