Editorial Review

From Publishers Weekly

"The trilogy that began with *Cities of the Red Night* and continued with *The Place of Dead Roads* is completed here, and the result is a divine comedy," wrote PW of this "remarkable achievement," concerning the search for eternal rest that is symbolized by the Western Lands of Egyptian mythology.

From Library Journal

This novel concludes the trilogy begun in *Cities of the Red Night* (LJ 11/15/80) and *The Place of the Dead Roads* (LJ 2/1/84). The title refers to the place in ancient Egyptian mythology where souls journeyed in search of immortality. Characters from Burroughs's earlier works reappear; the dreamlike prose stylistically a mixture of straight-forward and surrealistic narrative, with sparse use of the cut-up method Burroughs developed with the late Brion Gysin abounds with images of violent homosexuality, man-eating insects, and rancid decay as Burroughs explores such themes as addiction, mortality, the survival of the species, and the quest for eternal life. Essential for all serious literature collections. William Gargan, Brooklyn Coll. Lib., CUNY

Review

"The trilogy . . . is completed here, and the result is a divine comedy . . . A significant work on its own merits. . . Burroughs speaks more directly than usual, sometimes in the guise of old, forgotten novelist William Seward Hall, sometimes forthrightly and freely in his authorial voice. As a result, Burroughs fans will find this narrative vivid, horrifying, beautiful, and sad." --*Publishers Weekly*

"A remarkable piece of sustained narrative invention, a comic meditation on death in the guise of a novel."
