**Thermoluminescence of Solids (Cambridge Solid State Science Series)** By S. W. S. McKeever

McKeever gives us a comprehensive survey of thermoluminescence, an important, versatile, and widely-used experimental technique. Bringing together previously isolated specialized approaches, he stresses the importance of the solid state aspects of the phenomenon and links these to applications in dating, dosimetry, and geology. The book contains chapters on analysis and special properties, on instrumentation, and on the variety of defect reaction--using the alkali halides and SiO<sub>2</sub> as examples--that can take place within a material to yield thermoluminescence. Three chapters concerning applications discuss the features of the solid state reactions to explain some of the properties observed in practice.

### **Bibliography**

- Sales Rank: #5061350 in Books
- Brand: Brand: Cambridge University Press
- Published on: 1988-10-28
- Released on: 1988-10-27
- Original language: English
- Number of items: 1
- Dimensions: 8.50" h x .87" w x 5.43" l, 1.22 pounds
- Binding: Paperback
- 392 pages

### **Editorial Review**

#### **Review**

"...an excellent, critical introduction to the subject..." *Nature*

"...a fine book, clearly written and well-illustrated." *Radiation Protection Dosimetry*

### **Users Review**

#### **From reader reviews:**

##### **Joaquin Hogan:**

Do you have something that you enjoy such as book? The guide lovers usually prefer to decide on book like comic, brief story and the biggest you are novel. Now, why not trying Thermoluminescence of Solids (Cambridge Solid State Science Series) that give your enjoyment preference will be satisfied by simply reading this book. Reading addiction all over the world can be said as the opportunity for people to know world much better then how they react to the world. It can't be said constantly that reading routine only for the geeky man but for all of you who wants to be success person. So , for all you who want to start examining as your good habit, you are able to pick Thermoluminescence of Solids (Cambridge Solid State Science Series) become your own starter.

##### **David Ramos:**

Many people spending their period by playing outside with friends, fun activity having family or just watching TV all day every day. You can have new activity to shell out your whole day by reading a book. Ugh, ya think reading a book really can hard because you have to bring the book everywhere? It alright you can have the e-book, getting everywhere you want in your Mobile phone. Like Thermoluminescence of Solids (Cambridge Solid State Science Series) which is having the e-book version. So , try out this book? Let's view.

##### **Joni Thompson:**

Book is one of source of information. We can add our know-how from it. Not only for students but in addition native or citizen have to have book to know the change information of year in order to year. As we know those guides have many advantages. Beside all of us add our knowledge, can also bring us to around the world. By book Thermoluminescence of Solids (Cambridge Solid State Science Series) we can have more advantage. Don't you to definitely be creative people? For being creative person must prefer to read a book. Just simply choose the best book that appropriate with your aim. Don't be doubt to change your life at this book Thermoluminescence of Solids (Cambridge Solid State Science Series). You can more attractive than now.

**Thomas Major:**

Many people said that they feel bored when they reading a e-book. They are directly felt it when they get a half portions of the book. You can choose the actual book Thermoluminescence of Solids (Cambridge Solid State Science Series) to make your personal reading is interesting. Your personal skill of reading skill is developing when you like reading. Try to choose basic book to make you enjoy to study it and mingle the feeling about book and reading through especially. It is to be first opinion for you to like to open a book and read it. Beside that the e-book Thermoluminescence of Solids (Cambridge Solid State Science Series) can to be a newly purchased friend when you're truly feel alone and confuse with the information must you're doing of the time.
