### Chemistry in Context: Applying Chemistry To Society By American Chemical Society

Following in the tradition of the first four editions, the goal of this market leading textbook, *Chemistry in Context*, fifth edition, is to establish chemical principles on a need-to-know basis within a contextual framework of significant social, political, economic and ethical issues. The non traditional approach of *Chemistry in Context* reflect today's technological issues and the chemistry principles imbedded within them. Global warming, alternate fuels, nutrition, and genetic engineering are examples of issues that are covered in CIC.
