### Mile 81 (Kindle Single) By Stephen King

With the heart of *Stand By Me* and the genius horror of *Christine*, *Mile 81* is Stephen King unleashing his imagination as he drives past one of those road signs...

At Mile 81 on the Maine Turnpike is a boarded up rest stop on a highway in Maine. It's a place where high school kids drink and get into the kind of trouble high school kids have always gotten into. It's the place where Pete Simmons goes when his older brother, who's supposed to be looking out for him, heads off to the gravel pit to play "paratroopers over the side." Pete, armed only with the magnifying glass he got for his tenth birthday, finds a discarded bottle of vodka in the boarded up burger shack and drinks enough to pass out.

Not much later, a mud-covered station wagon (which is strange because there hadn't been any rain in New England for over a week) veers into the Mile 81 rest area, ignoring the sign that says "closed, no services." The driver's door opens but nobody gets out.

Doug Clayton, an insurance man from Bangor, is driving his Prius to a conference in Portland. On the backseat are his briefcase and suitcase and in the passenger bucket is a King James Bible, what Doug calls "the ultimate insurance manual," but it isn't going to save Doug when he decides to be the Good Samaritan and help the guy in the broken down wagon. He pulls up behind it, puts on his four-ways, and then notices that the wagon has no plates.

Ten minutes later, Julianne Vernon, pulling a horse trailer, spots the Prius and the wagon, and pulls over. Julianne finds Doug Clayton's cracked cell phone near the wagon door — and gets too close herself. By the time Pete Simmons wakes up from his vodka nap, there are a half a dozen cars at the Mile 81 rest stop. Two kids — Rachel and Blake Lussier — and one horse named Deedee are the only living left. Unless you maybe count the wagon.

### Editorial Review

#### Amazon.com Review

Stephen King has said it himself: the short story is ailing in America. But with a new story that is part coming-of-age, part paranormal tale, he has helped give the form a boost--and us a reminder of how skillfully he works in a small space. In King's worlds, peril and disaster often hide in the most ordinary things and places, and in *Mile 81*, danger lurks at an abandoned rest stop in the author's standard Maine setting. With expert pacing, King allows a short but life-changing journey to unfold for his young protagonist, and the most pedestrian details of the rest stop take on eerie significance with each quickly-turned page: a cut-up chain-link fence surrounding the place, a hollowed-out Burger King left fallow, a door of a filthy car hanging silently "open like an invitation." Fans will recognize nods to *Christine* and *From a Buick 8*, but the destructive force in *Mile 81* is even more savage, the horror more faceless and primal. And as one would expect, it's not just a scary story--it reads, in ways, as parable, his characters at once archetypal and uniquely crafted. Although set in present day, *Mile 81* feels timeless---it's a story about good people encountering the terror of the unknowable, and about the courage that innocents must summon in the face of it, when there is no one left to protect them. --*Simone Gorrindo*

As a student exactly feel bored to reading. If their teacher questioned them to go to the library or even make summary for some book, they are complained. Just small students that has reading's internal or real their leisure activity. They just do what the educator want, like asked to the library. They go to there but nothing reading critically. Any students feel that looking at is not important, boring and also can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. So , this Mile 81 (Kindle Single) can make you feel more interested to read.
