Resident's Guide to Ambulatory Care, 6th ed. By Michael B. Weinstock MD, Daniel M. Neides MD, Miriam Chan PhD

The Resident's Guide to Ambulatory Care continues to be written by residents, for residents. The 6th edition features the addition of an esteemed pharmacist, Miriam Chan, PharmD, who performed an extensive review of the entire text, ensuring that all guidelines and medications are current and accurate. This edition includes new and updated charts, tables, and algorithms. We have included web links to living documents where available. We have added a new chapter on nutrition for patients with the chronic conditions of hypertension, hyperlipidemia, diabetes and obesity. The 6th edition provides state of the art information on evaluation and management of common ambulatory conditions in a straightforward, concise, and focused format.

Editorial Review

Review

Concise, easy access to data.

Easy to read quickly, medications in bold print so easy to find, well organized.

Comments by reviewers for The Society of Teachers of Family Medicine --The Society of Teachers of Family Medicine

Extraordinary. Amazing. I would rather show up for clinic naked than leave my copy of The Resident's Guide at home! FINALLY, I had found a book that cut out the bs (but not too much) and presented pertinent, practical information. I have been hooked ever since.

Steve Brook, MD

Past Chief Resident, University of Kentucky Medical Center --Steve Brook, MD

This book contains valuable information and is an absolute must for residents and students. Practicing physicians would also benefit from the many tables and charts for common ambulatory problems. The Resident's Guide to Ambulatory Care will find its way into every white coat pocket.

Edward T. Bope, MD, ABFP

Family Practice Residency Director

Riverside Methodist Hospital

Past President, Association of Family Practice Residency --Edward T. Bope, MD

About the Author

Michael B. Weinstock, MD obtained his bachelor's degree with a major in economics from Northwestern University and his medical degree from The Ohio State University College of Medicine. In 1995, he completed his residency in Family Medicine at Riverside Hospital in Columbus, Ohio, concurrent with the release of the first edition of The Resident's Guide to Ambulatory Care. In addition to currently working as a full time ED physician, he spent 12 years as a Clinical Assistant Professor in the Infectious Diseases Clinic at The Ohio State University caring for patients and as an HIV/AIDS clinical trials sub-investigator. He is now a Clinical Assistant Professor in the Division of Emergency Medicine at The Ohio State University College of Medicine and Attending and the Director of Medical Education in the Emergency Department at Mt. Carmel St. Ann's. He has recently authored *Bouncebacks! Emergency Department Cases: ED Returns*, a case study book with a unique format and critical acclaim. Michael was recently appointed risk management section editor of Mel Herbert's *Emergency Medicine Reviews and Perspectives (EM RAP)*, a CME program with international circulation to almost 10,000 physicians. Michael has lectured nationally on issues such as risk management and patient safety and has published papers in peer reviewed journals.

Daniel M. Neides, MD, is Board Certified in Family Medicine and has been practicing at The Cleveland Clinic since 1996. He is an Associate Professor of Clinical Medicine at The Cleveland Clinic Lerner College of Medicine and an Assistant Professor of Family Medicine at The Ohio State University College of Medicine. Dr. Neides earned both his undergraduate and medical degrees from The Ohio State University in Columbus, Ohio. He then completed his residency in Family Medicine at Riverside Methodist Hospitals in Columbus, Ohio. Dr. Neides' medical interests continue to be in the areas of Preventive Medicine, Behavioral Medicine, and Predoctoral Education. He has been recognized during his tenure at The Cleveland Clinic for his dedication to medical student education. In 2000, Dr. Neides received The Distinguished Educator Award from The Ohio State University College of Medicine and The Cleveland Clinic. In 2003, he was inducted

into AOA by The Ohio State University College of Medicine. In 2004, the Division of Regional Medicine at The Cleveland Clinic presented him with the Outstanding Educator Award. In 2005, 2006, and 2007 he received the Scholarship in Teaching Award for his role in curriculum development at The Cleveland Clinic Lerner College of Medicine. In 2007, Case Western Reserve University College of Medicine honored Dr. Neides during Commencement ceremonies with The Kaiser Permanente Award for Excellence in Teaching. In addition to his clinical practice, Dr. Neides is the Associate Director of Clinical Education at The Cleveland Clinic Lerner College of Medicine, overseeing all clinical activities during years 3 to 5 of the Medical School.

Users Review
