### Theological Foundations: Alternate Edition From Brand: Anselm Academic

Theological Foundations: Concepts and Methods for Understanding Christian Faith, Revised Edition is a thorough, concise, and comprehensive introductory theology text that has been revised with customer requests in mind. This prominent book on theology begins with a new introduction that centers the text on the Mystery of God. Its twelve body chapters unfold Christian theology by exploring its roots in the sacred scriptures; discussing the New Testament and other early Christian literature; and interweaving Christology and ecclesiology with the signs, symbols, and seven sacraments of the Church. Social justice issues figure prominently in the text, as does Catholicism's relationship with Judaism and Islam. Sub-disciplines of Catholic theology also address the Church's mission in the world, as well as moral issues. Ultimately, the text describes the changing contours of Christianity in the modern era, with an emphasis on Protestantism, Evangelicalism, and Fundamentalism.

This Alternate Edition offers the full content of the ten core chapters of the parent text while providing a more concise version of the book--minus the research coverage--for instructors who prefer this approach.

## **Editorial Review**

From the Back Cover

Theological Foundations Alternate REV

"The perfect book for introducing the building blocks of theology!"

--Br. Armand Alcazar, FSC, Lewis University

Authored by a roster of award-winning teaching scholars, Theological Foundations:

Concepts and Methods for Understanding Christian Faith is an introductory theology textbook appropriate for students of all faiths and non-faiths. This "first book" helps undergraduates to establish a solid base in theology, readying them for further study.

This edition has been expanded and revised to better reflect the diversity of today's college classroom. It encourages students to engage in a religious dialogue informed by the richness of their own experiences, beliefs, and practices.

Theological Foundations:

- Is appropriate for students of all levels, including those with no background in theology
- Provides a thorough overview of each topic, including terms, concepts, and vocabulary
- Discusses Catholic theology in a global context and in relation to Judaism and Islam
- Includes end-of-chapter text and discussion questions

The Alternate version of this edition offers the full content of the twelve core chapters of the parent text while providing a more concise version of the book--minus the research coverage--for instructors who prefer this approach.
