### Editorial Review

#### From School Library Journal

Gr 6-9-This companion to the author's adult titles is geared toward young people who want to get a bit more out of J.K. Rowling or Dr. Seuss. Foster uses both of these authors, along with Shakespeare and Homer (not Simpson), to illustrate various approaches to literature. He argues that there is really only one story, that of a journey or quest, and that it takes shape in many forms, in novels, plays, and poems. The book also delves into symbolism, irony, and the political and geographical aspects of literature. Readers will enjoy seeing Green Eggs and Ham from Foster's perspective of how food is often more than just a meal. Of course, he also touches on how the Bible, folk and fairy tales, and ancient literature form the basis of many of our favorite stories. His passion for literature is evident, and the text is readable and encouraging. While it would be a rare reader who would be familiar with every title the author cites, the arguments that he poses are solid and the examples are always apt. Students won't find literary research here, but they will find some valuable guidance on how to read critically and hopefully be inspired to read more widely.-Carol Fazioli, Barth Elementary School, Pottstown, PA ©(c) Copyright 2011. #### From Booklist

Opening with a quickly and effectively illuminated scene from Lorraine Hansberry's *A Raisin in the Sun* and continuing through such high-school syllabus texts as *The Odyssey*, Shakespeare's works, a sonnet by Christina Rossetti, and more, this introduction to literary methods, tropes, and symbols is refreshingly accessible. Without condescension, Foster adapts some of the concepts that he presents in his adult titles, including *How to Read Literature like a Professor* (2003), with kid-friendly examples, such as Dr. Seuss stories that show how a universal literary theme can play out in a specific work without losing its universal meaning. With a closing short story that invites young readers to try out their newfound analytical skills, this slim guidebook can provide language art students with just the right open window to catch the academic breeze of enlightenment without leaving them cold. An essential purchase for all library collections where there are readers new to exploring literature as a fine art, beyond reading for uncritical pleasure. Grades 6-10.
