Editorial Review

About the Author

Dr. C. Barry Pfitzner, a native of Richmond, Virginia, received a B.A. Degree in economics from Bridgewater College in 1970, an M.A. in economics from Old Dominion University in 1972, and a Ph.D. degree in economics from The Catholic University of America in 1983. He joined the faculty of Randolph-Macon College in 1982. His teaching interests include econometrics, mathematical economics, microeconomics, and international economics. He is the author of numerous papers in the areas of forecasting, econometric modeling, and international economics. Dr. Pfitzner has also received honors and awards, including the Thomas Branch Award for Excellence in Teaching at Randolph-Macon College and scholar of the year in economics for the state of Virginia by the Virginia Social Science Association. He was selected as a Distinguished Fellow for service to the Virginia Association of Economists for the year 2001. He served as president of the VAE in 1996-97 and is the current editor of the Virginia Economic Journal. Professor Pfitzner is the first holder of the Edward W. Seese Chair in Economics and Business, 1997-present. He also chaired the Department of Economics and Business from 1990-93. Away from the college, Professor Pfitzner's interests include travel and golf. The former primarily in order to do the latter. He holds a current USGA handicap of 3.

Users Review

From reader reviews:

Jason Faria:

In this 21st one hundred year, people become competitive in most way. By being competitive currently, people have do something to make all of them survives, being in the middle of the actual crowded place and notice simply by surrounding. One thing that at times many people have underestimated the idea for a while is reading. Sure, by reading a guide your ability to survive raise then having chance to remain than other is high. In your case who want to start reading a book, we give you this Mathematical Fundamentals of Microeconomics book as basic and daily reading e-book. Why, because this book is usually more than just a book.

Daniel Adams:

Here thing why this specific Mathematical Fundamentals of Microeconomics are different and dependable to be yours. First of all reading through a book is good but it depends in the content of the usb ports which is the content is as scrumptious as food or not. Mathematical Fundamentals of Microeconomics giving you information deeper including different ways, you can find any reserve out there but there is no book that similar with Mathematical Fundamentals of Microeconomics. It gives you thrill examining journey, its open up your own personal eyes about the thing this happened in the world which is probably can be happened around you. It is possible to bring everywhere like in park your car, café, or even in your method home by train. If you are having difficulties in bringing the imprinted book maybe the form of Mathematical Fundamentals of Microeconomics in e-book can be your option.

Katie Broadnax:

The actual book Mathematical Fundamentals of Microeconomics has a lot info on it. So when you make sure to read this book you can get a lot of advantage. The book was published by the very famous author. This articles author makes some research before write this book. This book very easy to read you can find the point easily after reading this book.

Tammie Torres:

As a scholar exactly feel bored to help reading. If their teacher requested them to go to the library in order to make summary for some reserve, they are complained. Just minor students that has reading's internal or real their pastime. They just do what the educator want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that reading through is not important, boring and also can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important in your case. As we know that on this era, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this Mathematical Fundamentals of Microeconomics can make you really feel more interested to read.
