Painting Animals That Touch the Heart By Lesley Harrison

Painting Animals that Touch the Heart, by popular wildlife artist Lesley harrison, will help artists portray the emotion and "feelings" of certain popular animals, as well as the wonderful textures of luxuriously soft fur and glistening eyes. Each of the six chapters in this book gives readers an intimate look at layering techniques, individual pastel strokes, blending techniques and composition tips, all of which help in achieving incredible lifelike textures and a strong, emotional effect. 20 step-by-step demonstrations will help readers render eyes, fur, tails, paws, beaks and body positions of big cats, wolves, horses, dogs and house cats, and other baby animals. There is also a gallery of inspirational pieces readers can use to paint their own animals that will touch anyone's heart.

Editorial Review

From [Booklist](#)

Popular artist Harrison has perfected her technique over decades of practice, achieving success in part because of the emotion she both brings to her work and evokes with her expressive animal portraits. She thoroughly explores painting techniques, materials, and lighting, then, dispelling the notion that animals lack feelings because they cannot speak, moves beyond technical considerations to help artists identify and convey animal emotions so that they're "telling their stories" in images rather than words. Many large, full-color plates with step-by-step instructions show examples of subjects such as big cats, wolves, horses, birds of prey, foxes, and dogs and cats, providing something for every artist and animal aficionado. *Whitney Scott*
