Pharmacology for the Primary Care Provider, 4e (Edmunds, Pharmacology for the Primary Care Provider) By Marilyn Winterton Edmunds PhD ANP/GNP, Maren Stewart Mayhew MS ANP

Written *by* and *for* nurse practitioners, and also suitable for physician's assistants, **Pharmacology for the Primary Care Provider, 4th Edition** focuses on what you need to know to safely and effectively prescribe drugs for primary care. An emphasis on patient teaching helps you gain patient adherence to prescribed drug regimens, and guidelines for health promotion help in maintaining and improving your patients' health. Now in full color, this edition expands the book's emphasis on the QSEN priorities of safety and evidence-based practice, and adds coverage of new drugs, new drug classes, and new therapeutic drug uses. Written by leading nurse practitioner authorities Marilyn Winterton Edmunds and Maren Stewart Mayhew, **Pharmacology for the Primary Care Provider** teaches principles of pharmacotherapeutics using today's most commonly used drugs.

- **A Key Drugs focus** highlights the most commonly used and most representative drugs of each major drug class ? with particular emphasis on the top 100 most commonly prescribed drugs.
- **Emphasis on patient teaching** helps you communicate with patients and family caregivers to promote adherence to the drug regimen.
- **Emphasis on health promotion** describes how to help patients stay well and improve their health, including coverage of immunizations and biologicals, vitamins, weight management, and smoking cessation.
- **Evidence-Based Decision-Making and Treatment Guidelines chapter (11)** provides practical guidelines for using the best current research evidence to make decisions about the care of individual patients.
- **Extensive coverage of drug therapy for special populations** such as geriatric and pediatric patients includes considerations related to age, pregnancy, race, and other factors.
- **UNIQUE! Coverage of prescriptive practice** includes topics such as prescriptive authority, role implementation, and the role of nurses (NPs, CNMs,

CRNAs, and CNSs) and physician assistants in writing prescriptions.

- **NEW! Full-color design and illustrations** highlight the most important content.
- **DRUG UPDATES** reflect the latest FDA-approved drugs, drug classes, and therapeutic uses.
- **Expanded emphasis on the QSEN priorities of safety and evidence-based practice** helps you eliminate drug prescribing errors with color-highlighted *Safety Alerts!* and *NEW Clinical Practice Alerts!*
- **NEW section on male hormone replacement therapies** adds coverage of men to that for women.
- **Updated evidence-based prescribing information** reflects the latest national clinical practice guidelines and evidence-based treatment guidelines, including the latest clinical treatment guidelines for diabetes.
- **NEW! Complementary and Alternative Products tables** highlight interactions with drugs, and are emphasized with a distinctive icon.
- **Updated Drug Overview tables** are enhanced with color as well as *Top 100* icons that highlight the most commonly prescribed drugs.

Editorial Review

Users Review

From reader reviews:

Sheila Powell:

What do you concentrate on book? It is just for students as they are still students or that for all people in the world, what best subject for that? Just you can be answered for that issue above. Every person has several personality and hobby per other. Don't to be forced someone or something that they don't want do that. You must know how great in addition to important the book Pharmacology for the Primary Care Provider, 4e (Edmunds, Pharmacology for the Primary Care Provider). All type of book are you able to see on many solutions. You can look for the internet sources or other social media.

Carol Reck:

Reading a book can be one of a lot of action that everyone in the world adores. Do you like reading book thus. There are a lot of reasons why people love it. First reading a guide will give you a lot of new details. When you read a e-book you will get new information due to the fact book is one of a number of ways to share the information as well as their idea. Second, looking at a book will make a person more imaginative. When you reading a book especially fiction book the author will bring someone to imagine the story how the figures do it anything. Third, you could share your knowledge to other individuals. When you read this Pharmacology for the Primary Care Provider, 4e (Edmunds, Pharmacology for the Primary Care Provider), you are able to tells your family, friends and soon about yours book. Your knowledge can inspire different ones, make them reading a e-book.

Helen Johnson:

Exactly why? Because this Pharmacology for the Primary Care Provider, 4e (Edmunds, Pharmacology for the Primary Care Provider) is an unordinary book that the inside of the guide waiting for you to snap this but latter it will distress you with the secret the idea inside. Reading this book next to it was fantastic author who have write the book in such amazing way makes the content within easier to understand, entertaining means but still convey the meaning totally. So , it is good for you because of not hesitating having this any longer or you going to regret it. This phenomenal book will give you a lot of rewards than the other book have got such as help improving your expertise and your critical thinking means. So , still want to postpone having that book? If I ended up you I will go to the publication store hurriedly.

Craig Brown:

That guide can make you to feel relax. This specific book Pharmacology for the Primary Care Provider, 4e (Edmunds, Pharmacology for the Primary Care Provider) was bright colored and of course has pictures on the website. As we know that book Pharmacology for the Primary Care Provider, 4e (Edmunds, Pharmacology for the Primary Care Provider) has many kinds or genre. Start from kids until adolescents. For example Naruto or Detective Conan you can read and believe that you are the character on there. So , not at all of book tend to be make you bored, any it offers you feel happy, fun and chill out. Try to choose the best book for yourself and try to like reading in which.
