When We Collided By Emery Lord

Seventeen year-old Jonah Daniels has lived in Verona Cove, California, his whole life, and only one thing has ever changed: his father used to be alive, and now he is not. With a mother lost in a deep bout of depression, Jonah and his five siblings struggle to keep up their home and the restaurant their dad left behind. But at the start of summer, a second change rolls in: Vivi Alexander, the new girl in town.

Vivi is in love with life. Charming and unfiltered, she refuses to be held down by the medicine she's told should make her feel better. After meeting Jonah, she slides into the Daniels' household seamlessly, winning over each sibling with her imagination and gameness. But it's not long before Vivi's zest for life begins to falter. Soon her adventurousness becomes all-out danger-seeking.

Through each high and low, Vivi and Jonah's love is put to the test . . . but what happens when love simply isn't enough?

Editorial Review

From School Library Journal

Gr 8 Up—Filled with raw, descriptive truths and told through the alternating voices of the protagonists, this story takes place in the idyllic, picturesque setting of Verona Cove, CA. Small enough for everyone to know one another yet large enough to handle a summer tourist season, this background locale is a perfect nesting spot for the poignant love story between Vivi Alexander and Jonah Daniels. The collision between the teens crests and ebbs in what seems like a far too small window of time. Instead, the story dares to allow the action to rise and fall in an organic way. Teeming with in-your-face realism, the work exposes readers to the emotional ups and downs of Vivi, who has been diagnosed with bipolar disorder, and Jonah, who is trying to hold himself, his siblings, and the family restaurant together as his mother falls apart after the death of her husband. Vivi's struggles with taking medication, and her honest discussions of her brain's chemical issues are evenly balanced with her portrayal as an artist who wants to leave her mark on the world. Jonah's quiet strength as he steps into the role his father's death left vacant and his willingness to share a piece of himself with Vivi make this a powerful book for reader engagement. The ending will have readers hoping for a sequel, though one is not needed. VERDICT An absolute tearjerker romance with a powerful message about weightier topics of grief and mental illness.—Sabrina Carnesi, Crittenden Middle School, Newport News, VA

Review

"Nothing short of heartbreaking. These are definitely two teens worth rooting for in a tale that's several clicks above the usual frothy summer romance fare." - BCCB

"Lord sucks readers into the fully realized world of two teenagers and their messy, honest families. As much about the fragility of the human experience as it is about mental illness, this offers a refreshing perspective on a spectrum of mental health disorders. This love story veers away from tragedy, instead firmly entrenching itself in hope and possibility." ?Booklist

"I can't shake Vivi, her mistakes and her growth, the way she changes, the way she loves, and I don't want to. She's a YA heroine who will matter so much to teens." ?Angie Manfredi, Los Alamos County Library
